PERSONAL PROFILE

I am a web-developer and recent graduate of Juno College Immersive Bootcamp. This time last year, I worked as a Childcare Specialist when my curiosity led me to an online web development class. I discovered that it was the challenge and creative outlet I had been seeking. Now, with plenty of learning under my belt I am looking to land my first job in the technology sector.

WORK EXPERIENCE

Front-End Developer
Jean Lumb Foundation | December 2020
- Contract job to improve the accessibility of their website through descriptive alt tags.
- With resourcefulness and communication I used Workdpress sucessfully with no prior experience.

Childcare Specialist
Self-Empoyed | July 2016 - May 2020
- Successfully implemented behavioural protocols to reduce child's harmful self-injurious behaviour through quick problem-solving
- Led a program to improve child's sleep and educate the team of childcare providers and parents on an effective sleep schedule with management and communication skills
- Collaborated with a team of medical professionals to improve child's speech delays through team work.

Contemporary Dancer
REAson d'Etre Dance Productions| January 2019 - March 2020
- Created and performed expressive choreographies in collaboration with dance company.

EDUCATIONAL HISTORY

Juno College of Technology
September 2020 - March 2021
- Immersive Bootcamp | January 2021 - March 2021
- Javascript | October 2020
- Web-Development | September 2020

Concordia University
BFA Contemporary Dance | September 2008 - 2012
